### Education

2020 – 2022 **Balıkesir Üniversitesi/Bilgisayar Programcılığı**  
Balıkesir, Türkiye

### Projects

- |                   |  |
|-------------------|--|
| 11/2024 – 11/2024 | <b>MovieLand</b> <a href="#">🔗</a><br>I built a movie site using <b>React</b> , <b>Tailwind CSS</b> , and an <b>API</b> to create a dynamic and responsive platform.   |
| 10/2024 – 10/2024 | <b>Netflix Clone</b> <a href="#">🔗</a><br>The Netflix clone web page I built with <b>Django</b> includes features such as sign-up, login, profile management, account management, and movie and category search.   |
| 12/2024 – 12/2024 | <b>Admin Dashboard</b> <a href="#">🔗</a><br>I developed an Admin Dashboard using <b>React</b> , <b>Material UI</b> , and <b>Data Grid</b> to create an intuitive and responsive admin panel, including features like Light and Dark Mode for enhanced user experience.     |
| 09/2024 – 09/2024 | <b>Shopyy Dashboard</b> <a href="#">🔗</a><br>I developed the Shopyy Dashboard using <b>React</b> , <b>Tailwind CSS</b> , <b>Syncfusion</b> , and <b>Context API</b> for an efficient and scalable e-commerce admin panel with advanced data visualization and UI elements. |
| 08/2024 – 08/2024 | <b>E-commerce Clone</b> <a href="#">🔗</a><br>I developed an E-commerce Clone using <b>HTML</b> , <b>CSS</b> , and <b>JavaScript</b> , creating a fully functional online store with dynamic features like product filtering and cart management.                           |
| 11/2023 – 11/2023 | <b>React Portfolio</b> <a href="#">🔗</a><br>I created a Portfolio using React to showcase my skills, projects, and experience with smooth navigation and dynamic, reusable components.   |
| 06/2024 – 06/2024 | <b>Frontend Portfolio</b> <a href="#">🔗</a><br>A dynamic and responsive frontend portfolio built with React to showcase my web projects and front-end skills.  |

## Professional Experience

---

10/2022 – present İzmir, Türkiye	<b>Frontend Web Developer</b> <i>Qtech Bilgi Teknolojileri A.Ş.</i> As a Frontend Web Developer, I contribute to both frontend development and UI/UX & graphic design processes. I use React, Next.js, JavaScript, and jQuery to develop user-friendly interfaces and responsive designs with Tailwind CSS. I also work on backend projects using Django, Python, and PHP. For design, I use tools like Figma, Adobe Photoshop, Illustrator, and Canva. I manage projects on GitHub and GitLab and collaborate in agile environments with Jira.
